

# WHAT TO EXPECT? AN OVERVIEW OF THE FOREST MANAGEMENT PROCESS

## STEP 1: CONNECT WITH US

Private landowner in Rio Blanco County? Let's partner! Connect with us to learn more about our partnership and forest management opportunities available for your land. White River Conservation District 970.878.9838

## STEP 2: FORESTER VISIT

Our team will arrange a visit to your property to discuss your land management goals, objectives, and treatment needs while walking the property with you.

## STEP 3: MANAGEMENT/ACTION PLAN

If you are interested in developing a personalized forest management plan and performing fuels reduction treatment on your property, we can guide you through various options and programs. Our team will assist you in finalizing a project layout, developing contracts with operators, and providing information on local financial assistance programs that can help reduce the cost of the project treatment.

## STEP 4: PROJECT IMPLEMENTATION

Once the paperwork is completed and the operators scheduled, your forest management project will begin, with the operators implementing the forest management plan on your property.

## STEP 5: POST MONITORING

After completing the treatment project, we will periodically follow up with you to check the status of your forested land, address any questions, and discuss next steps for continued forest management.
